**CONSENT TO INITIATE CARE**

At our office, we have one simple goal—we want to render the highest quality Chiropractic care at the lowest possible fee. In order to accomplish this goal, we have altered some of our business procedures to keep our fees reduced. Please read over these procedures below to understand how our office functions, and to decide if you wish to participate. If you have any questions, please direct them to the receptionist or ask the doctor.

- You may choose to submit receipts to your insurance company or other third-party health care programs, but payment for such services by insurance companies is neither implied nor agreed to by this office. We take *no responsibility* for non-payment by insurance companies for services rendered at our office.
- Our office will not respond to any requests for paperwork for insurance purposes or even acknowledge insurance requests for information on any patient's case. However, patients may have a copy of their records.
- No balances can be kept or run by patients at any time.
- All adjustment visits are paid immediately **prior to** the service being rendered.
- All initial visits are paid for upon *completion* of these services.
- Our office reserves the right to deny services to anyone for any reason, or if the doctor feels that patient's health is not being best served.

I wish to initiate care at this office. I have read and understand the Consent to Initiate Care and agree to all terms. I understand that I am under no obligation to receive or continue care.
